

TAILOR'S FIRST CHOICE

Your trusted partner for
Interlining Solutions

**Enhancing Structure.
Elevating Form.**

The Foundation of Great Apparel

A garment's outlook appeal is only as strong as its foundation. For over 30 years, TFC Interlining has specialized in the unseen elements that bring fashion to life. We are dedicated to enhance the beauty, feel and appearance of every fabric we touch.

Quality manufacturers rely on our proven solutions to deliver the perfect shape and structural integrity their creations demand.

At TFC Interlining, we provide a wide range of non-woven, woven and knitted interlining products suitable for all types of garments, hence we are called "Tailor's First Choice".

Beyond our core products, we bring specialized expertise in value addition by Fusing and Lamination-Bonding to ensure the fabrics perform perfectly as desired.
